

OIL SANDS SAFETY ASSOCIATION - COMMUNICATION

January 25, 2011

Re: Transitioning to the New OSSA Safety Training Standards and Provider Requirements

To all Employers, Contractors and Workers requiring OSSA credentials:

As in past practice of OSSA transitioning to New or Revised Safety Training Standards, ALL current training credentials, Training providers found on the OSSA Website (www.ossa-wb.ca) and existing accredited training programs are still valid.

All OSSA member sites will continue to recognize and accept current training credentials issued to the following STS:

- AWP2005-18
- CSE2005-08
- CSM2005-10
- FP2003-01-R01
- FW2008-03

OSSA and their Member sites will determine and communicate the interim and final compliance dates in the future for the new Safety Training Standards which are:

- EWP-2010
- CSE&M-2010
- FP-2010
- FW-2010

If you have any questions, please contact OSSA at 780 791 4944.

Thank you,

Tim Gondek
Executive Director
Oil Sands Safety Association
