

OIL SANDS SAFETY ASSOCIATION (OSSA)

Vision for an Incident Free Workforce

Our Mission is to:

- increase the awareness of workplace health and safety
- agree to and implement safety practices and/or training standards for the Oil Sands Industry
- promote and increase the availability of quality safety training and access to safety information to the oil sands industry and for other regional workers
- establish effective processes to evaluate and approve training programs.
- ensure system integrity through timely program reviews and auditing.
- establish programs and initiatives for the promotion of improved safety performance in the oil sands industry
- Consider entering into arrangements, where appropriate, with like-minded industry, contractors, labor providers, government and other stakeholders, which support the attainment of the vision.
